FISCAL HOSTING EXPLAINED

WHAT DO WE DO AS A FISCAL HOST?

As a legally registered organisation, The Social Change Nest holds money on behalf of community groups, social movements or projects that don't have the capacity or desire to register as a formal legal entity.

Act as the group's agent, facilitating the receipt and administration of funds on behalf of groups.

Provide the infrastructure and guidance needed to help groups access funding opportunities, deliver on their commitments to funders, and develop the governance and operational capacity needed for future sustainability.

HOW DO WE WORK WITH FUNDERS?

Act as the group's agent, signing the grant agreement and facilitating the administration of funds in line with the agreement.

Support groups to meet funder requirements for budgeting and reporting.

Share insights of the grassroots landscape with funders, making connections with changemakers, and helping design funding strategies that align with the needs of communities.

ABOUT US

The Social Change Nest (SCN) is a community interest company founded in 2020, dedicated to strengthening civil society and empowering changemakers worldwide. Since then, we've supported over 600 groups to unlock more than £23m in funding, driving change in areas such as social justice, climate action, housing, and community wellbeing.

By removing financial and administrative barriers, and providing the infrastructure and support groups need, we enable them to focus on their mission, and in doing so, contribute to a vibrant and thriving civil society.
