

COMMUNITY NEST

WHAT IS THE COMMUNITY NEST?

Built of changemakers (and allies offering their support and solidarity)

Share your skills, strengths, challenges, and resources

Lend a helping hand, grow a strong network and feel the power and hope that collaboration provides

Supports grassroots unincorporated groups and networks to overcome the barriers they face

Ensures the tools, resources and skills needed to make social change happen are within reach

Provides opportunities for help with admin, training, capacity building, networking and more

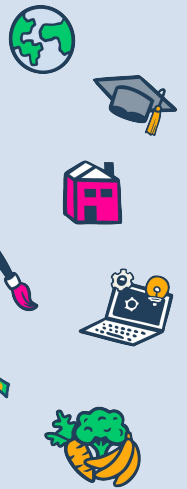

Facilitates a community of learning, kindness, solidarity and respect, creating a space to power change from the ground up

WHO'S IN THE COMMUNITY?

Unincorporated grassroots changemakers like the 600+ groups that we are fiscally hosting. They focus on a variety of areas such as:

- Community
- Wellbeing and health
- Climate
- Mutual aid
- Racial justice
- Solidarity
- Politics
- LGBTQIA+
- Youth
- Food
- Disability
- We could go on...

Friends and volunteers with expertise in relevant topics

Larger groups with lived experience to share

OUR TEAM

Helping to bring all of this together, find the help you need and facilitate learning, we have a small but mighty team:

Coco — Programme and Community Development Lead

Coco is a strong believer in people power and the active role of communities in working toward social change. She has a background in community development, and is excited to meet more changemakers and create spaces for additional training, collaboration and peer learning.

Aimee — Head of Community and Impact

Aimee has over 10 years' experience working at the intersection of community organising, social innovation and grant making. Her brain ticks for relationship building and she's always excited to meet and support all the incredible organisations across our portfolio.

Please email coco@thesocialchangenest.org if you have any questions
